6. [] (JCC) Returned to the House Foreign Operations and Government Information Subcommittee the copy of [] remarks on the polygraph which was borrowed from the committee yesterday. I also advised Mr. Kaas, Committee Counsel, that with regard to Dr. Aldrich's invitation, there has been a sixty day or more delay in delivery of equipment; and, as a result, it is not expected now before February. Mr. Kaas thanked me very much for the advice and indicated that he would still be interested at such time as Dr. Aldrich would care to have him out to see the equipment.

7. [] Met with Colonel Harold A. Gould, Technical Advisor, House Science and Astronautics Committee. Colonel Gould indicated that Chairman Miller may be back in the city on the 9th of December, but it is not known whether he will be attending the briefing. He will advise me on 8 December of the names of the persons on the committee staff and from the National Aeronautics and Space Council who will be attending. In passing, Colonel Gould noted that the committee staff would appreciate guidance concerning the current []
